Michael and Board of Education:

Per your request, Michael, attached please find a document showing the number of coaches for the 2012-13 fiscal year and the funds they are paid from.

In regards to your request on district expenditures, I can provide more information for you. I would like to check with other board members to see if they would like the information as well. I will plan to ask the board during my budget presentation on May 7. I will also have a draft copy of the budget document available on May 7<sup>th</sup> as well. In the meantime, the district, by law, provides a detail of all of our expenditures to the Utah Transparency Website. I am including the link below. You might want to review the website and see if the information you are requesting is available there.

If you have any additional questions, please let me know.

Janet

**Subject:** Academic Coaches

Can you please send me information on district expenditures? Expenditures not happening at specific schools.

I'm also looking for information on the academic coaches. How many do we have and how are they paid for?
